

SU60K 3-Phase Runtime Chart and Accessory Guide

UPS: SU60K
Capacity: 60kVA / 48 kw
Input: 120/208 3-phase
Output: 120/208 3-phase
UPS Type: IGBT on-line, double-conversion, modular

These MATCHING battery packs are built into cases that match the design and shape of the host UPS. Ship fully assembled. All DC connection cabling is contractor supplied.		These 10 YEAR DESIGN LIFE large-capacity battery cabinets offer massive upgrade in UPS runtime. Contractor supplied DC cabling is required to connect battery pack to host UPS system. If multiple large-format batteries are to be used, they must all be the same model.				Wallmount 3 breaker manual bypass panel with Kirk Key interlock system isolates the UPS from connected loads for maintenance with no loss of network availability.	Wallmount parallel panel enables dual UPS protection for either increased capacity or redundant power applications.

More Accessories

SNMPWEBCARD	ENVIROSENSE	RELAYIOCARD
Internal SNMP/WEB accessory card offers network connectivity and remote management of network UPS systems. 1 per UPS recommended.	Temperature and humidity sensor. Mounts in equipment racks or network closets and reports remote conditions via SNMPWEBCARD connection.	The RELAYIOCARD internal card provides contact closure monitoring of UPS Power Fail, Low Battery, On Bypass, Overload and Over-temperature conditions. Also supports UPS shutdown from external contact closure source.

Startup Service, On-Site Preventative Maintenance and Extended Warranty Options

(Limitations and purchase prerequisites may apply - see detailed warranty descriptions for complete information.)

W06-BW1-247	Business Hours Startup Service for UPS and primary battery cabinet, includes 1 year on-site warranty.
W06-BW1-247-1B	Business Hours Startup Service for UPS with primary and 1 extra battery cabinet, includes 1 year on-site warranty.
W06-EW1-247	Evening/Weekend Startup Service for UPS and primary battery cabinet, includes 1 year on-site warranty.
W06-EW1-247-1B	Evening/Weekend Startup Service for UPS with primary and 1 extra battery cabinet, includes 1 year on-site warranty.
W06-SCBAS1	One year basic service contract includes one minor (bus. hours) and one major (eve/wknd) preventative maintenance visit for UPS and primary battery cabinet. PREREQUISITE: Purchase of Tripp Lite start up service at time of UPS suite activation or preventive maintenance service prior to activation of warranty renewal.
W06-SCBAS1-1B	Same as W05-SCBAS1 - covers 1 UPS with primary and 1 extra battery cabinet.
W06-SCENH1	One year service contract includes one minor and one major preventative maintenance visit (business, evening or weekend hours) for UPS and primary battery cabinet. PREREQUISITE: Purchase of Tripp Lite start up service at time of UPS suite activation or preventive maintenance service prior to activation of warranty renewal.
W06-SCENH1-1B	Same as W05-SCENH1 - covers 1 UPS with primary and 1 extra battery cabinet.
